

Attention Reserve Chorus Members:

Free Music Reading Classes just for You!

The Singing Angels Music Reading Class is a wonderful way to supplement your child's music education. The classes will be taught by Jim Fair, Amanda Fertal and Heather Liuzzo, and will cover the basics of how to read and write music.

Some of the subjects covered in class include identification of musical symbols (treble/bass clef, staff, repeat signs, etc.), notes on the staff, pitch matching, reading rhythms, time signatures and key signatures.

Even if your child can read music, already studies an instrument, or is just beginning, music reading will help him/her achieve his/her music potential.

Classes will begin Saturday, February 7, 2015, before rehearsal, from 10:30 until 11:15am, and continue every Saturday. Angels should bring a snack and a beverage to consume between 11:15 and 11:30am.

Any questions? Please contact Kay Eversole (216) 432-5555 ext.1700 (office) or (216)732-8726 (home).
